

OVERVIEW OF 2016 FEDERAL, STATE, AND LOCAL ELECTIONS

Dear Colleagues:

The November 8th General Election campaign is finally over! The outcomes will impact UCLA and public higher education nationally and in California. This document, prepared by Government & Community Relations staff, summarizes the preliminary results from key races in Los Angeles County at the federal, state and local levels of government. The election results are current as of November 8th. The final results have not been certified at this time, with absentee and provisional ballots still being counted in some races. Further updates will be provided if there are significant changes.

The election of Donald Trump as President will signal a shift in higher education policy from the Obama Administration. During the campaign, while he didn't provide many policy details, the President-elect was critical of college costs, endowment utilization, rising tuition and international students. Some of the important concerns for UCLA will be the new administration's position on the Reauthorization of the Higher Education Act (HEA). The HEA contains federal financial aid components, specifically Pell Grants that are important to UCLA. Approximately 38% of UCLA undergraduates are Pell Grant recipients.

A second issue is the new Administration's positions on Veterans Affairs. UCLA has worked diligently over the past few years to build a strong working relationship with the Veterans Administration. We have to be hopeful that we can continue the progress that has been made. Chancellor Gene Block has announced a number of new programmatic initiatives that UCLA wants to implement at the West Los Angeles VA campus.

Also, the level of federal research funding support is always an ongoing concern for the campus. The Republican Congress has not supported the funding levels for research that the Obama Administration has requested. This is an issue that UCLA will join with the higher education community in addressing by working to increase research funding.

The House of Representatives and Senate remain controlled by Republicans. In the House, the party representation will be:

238	Republicans
193	Democrats
4	Races pending

In the Senate, the Party representation will be:

51	Republicans
45	Democrats
2	Independents (Caucus with Democrats)
2	Races pending

Harris was elected California's Attorney General in 2010 and was re-elected in 2014. Harris is the first female, the first African-American, the first Indian-American, and the first Asian-American attorney general in California. She is the first Indian-American and second African American female to serve in the United States Senate. BALLOT PROPOSITIONS

While Californians were asked to vote on a record 17 ballot propositions, four were of specific interest to the UC community. They were:

Proposition 51: California Public School Facility Bonds Initiative

Subject: Education

Breakdown: the measure authorizes the sale of \$9 billion in general obligation bonds for new construction and modernization of K-12 public schools and California Community Colleges. Yes vote oks the state to use bonds for schools.

YES 54.0% NO 46.0%

UC IMPACT: This measure will allow for community colleges to potentially increase enrollment, and create more future students and a demand for increased enrollment in the UC and Cal State systems.

Proposition 55: Tax Extension to Fund Education, Healthcare

Subject: Taxes

Breakdown: the measure extends the 2012 income tax increase for people earning more than \$250,000 and couples earning more than \$500,000 in order to give more money to public k-12 schools, California community colleges and the Medi-Cal health care program in some years. The "temporary tax" would end in 2030. Yes vote approves the measure.

YES 62.1% NO 37.9%

UC IMPACT: By funding increased enrollment in the community college system, there will be a demand for increased enrollment in the UC and Cal State system.

Proposition 56: Tobacco Tax Increase

Subject: Taxes

Breakdown: the measure increases the tax on tobacco products – including electronic cigarettes – by \$2. Money from the tax would fund several things but will be primarily used on healthcare and education programs. Yes vote approves the tax increase.

YES 62.9% NO 37.1%

UC IMPACT: The fund would go to the University of California to fund medical education. The ultimate goal is to increase the number of primary care and emergency physicians trained in California, and those additional physicians will be trained by UC.

Proposition 64: Legalization of Recreational-Use Marijuana

Subject: Marijuana

Breakdown: the measure legalizes the recreational use of marijuana and hemp for people 21 years or older. It also imposes state taxes on sales and cultivation and allows for local taxation and regulation. Yes vote approves the measure.

YES 55.8% NO 44.2%

UC IMPACT: The state will use part of the money it earns from marijuana taxes (\$10 million per year) to fund to research on the “implementation and effect of the control, regulate and tax adult use of marijuana act.”

OTHER BALLOT PROPOSITIONS

Proposition 52: Medi-Cal Hospital Fee Program

Subject: Healthcare

Breakdown: the measure has two parts: 1) extends existing statute that imposes fees on hospitals to fund medi-cal health care services, care for uninsured patients and children's health coverage. 2) requires two-thirds vote by state legislature or voter approval to make changes to the fee. Yes vote approves both parts of the measure.

YES 69.6% NO 30.4%

Proposition 53: Statewide Approval for Use of Revenue Bonds above \$2 Billion

Subject: Bonds

Breakdown: the measure would require voters to approve the use or sale of public revenue bonds for state projects costing more than \$2 billion. Yes vote means changing the current law, which doesn't require voter approval to sell or use revenue bonds.

YES 48.6% NO 51.4%

Proposition 54: Public Display of Legislative Bills Prior to Vote

Subject: Transparency

Breakdown: the measure has two parts: 1) the California legislature must publish all bills – and changes to bills – online 72 hours before a final vote. 2) all public legislative meetings must be posted online within 24 hours and anyone can record those meetings. Proposition 57: Criminal Sentences and Juvenile Court Trial Requirements

Subject: Crime

Breakdown: the measure has two parts: 1) adults convicted of non-violent felonies would be eligible for parole and can reduce their sentence with good behavior, rehabilitation and educational activities. 2) a juvenile court judge would decide if anyone under 18 should be tried as an adult. Yes vote approves both parts of the measure.

YES 63.6% NO 36.4%

YES 72.4% NO 27.6%

Proposition 59: Limits Campaign Spending by Corporations and Unions

Subject: Campaign Finance

Breakdown: the measure is an advisory question, and doesn't change the law, that would put California on record for wanting to reverse the U.S. Supreme court decision for citizens united v. Federal election commission. The decision states corporations and unions are the same as individuals when it comes to political spending and can spend an unlimited amount on ads. Yes vote gives state lawmakers the ability overturn the decision.

YES 52.3% NO 47.7%

Proposition 60: Condoms in Adult Films

Subject: Entertainment

Breakdown: the measure requires actors in pornographic movies to wear condoms during filming. It will also require producers to pay for health checkups and requirements. YES 46.1% NO 53.9%

Proposition 61: Drug Price Standards

Subject: Healthcare

Breakdown: the measure would require state agencies to buy prescription drugs from a manufacturer at an equal or lower price paid for the same drug by the United States department of Veterans Affairs (VA). Proposition 63: Background Checks for Ammo Sales, Ban on Large-Capacity Magazines

Subject: Guns

Breakdown: the measure has three parts: 1) new court process would be created so people convicted of felonies and other crimes would lose their right to own guns. 2) would require a background check for people who want to buy ammunition. 3) would ban high-capacity magazines that shoot 10 rounds or more. Yes vote would approve all three parts.

YES 62.6% NO 37.4%

Proposition 65: Money from Carry-Out Bags to Fund Environmental Projects **

Subject: Plastic Bags

Breakdown: the measure would redirect money collected through the sale of 10-cent carry-out bags to a state fund for wildlife conservation and different environmental projects instead of letting stores keep the money. Yes vote would approve the measure.

Subject: Death Penalty

Breakdown: the measure has three parts: 1) change the appeals process for death sentences, putting a 5-year limit on death sentence appeals. 2) make more appellate lawyers available to represent death row inmates. 3) inmates sentenced to death may be housed at any state prison. Yes vote approves all three parts.

Proposition 67: Plastic Bag Ban**

Subject: Plastic Bags

Breakdown: the measure would enact a 2014 law that bans the use of plastic bags at grocery stores, convenience stores, large pharmacies and liquor stores. It allows those stores to charge

patrons for paper or thicker plastic bags and keep the money. A yes vote would allow the law to go into effect.

YES 51.9% NO 48.1%
